Dear Dr. Fritch:

On behalf of the American Board of Forensic Toxicology, I am advising you that the accreditation of the Health Network Laboratories Forensic Toxicology Laboratory has been extended to September 30, 2021.

As it seems likely that North America will still be affected by COVID-19 through at least the first half of 2021, ABFT is working on a contingency plan that will allow for an online review of many of the records that would normally take place onsite. It is anticipated that the “virtual inspection” would occur around the same time as the regular onsite inspection (most likely third quarter 2021). We will provide further information once it is available.

Sincerely,

Bruce A. Goldberger, Ph.D., F-ABFT
President
