Dear Dr. Hudson:

On behalf of the American Board of Forensic Toxicology, I am advising you that the accreditation of the North Carolina Office of the Chief Medical Examiner Toxicology Laboratory has been extended to April 30, 2022.

It seems likely that North America will still be affected by COVID-19 through much of 2021. However, we are optimistic that we should be able to plan for an onsite inspection of your laboratory in the first quarter of 2022. We will provide further information once it is available.

Sincerely,

Bruce A. Goldberger, Ph.D., F-ABFT  
President
